

Route description

Vad – Fagersta – Västanfors – Ennora 19 km

10. Swimming site and an outhouse.
11. *Vad*. Rest area with 2-3 tent places. Approx. 600m to convenience store.
12. *Saxen*. A beautiful lake well worth a detour from the canal route.
13. Boat club with dock for visitors and possibilities to pitch a tent for a small fee. You'll also find fresh water, firepit and an outhouse here.
14. **Keep to the right in the canal! Water turbine to the left!**
15. *Semla*. Pull the canoe onto land by the boat ramp approximately 100 meters before the canal lock. Follow the gravel road past the bigger road and the last lock. After the last lock put the canoe back in the water.
16. *Fagersta*. Lift the boat out of the water on the left side before the canal lock. Walk with your canoe across the bridge to your right. When you have crossed the bridge take left across the parking lot, continue onto the small trail at the end of the parking lot until you reach water. *Fagersta* also has a city centre about 300 metres from the water.
17. *Uddnäs*. Paddle along the beach and bring the canoe out of the water on the left-hand side ahead of the lock. Walk 75m past the lock and put the canoe back in the water.
18. *Västanfors*. Keep to the right-hand side heading into the canal. Directly to the left at canal inlet is a point, where you bring the canoe out of the water, ahead of the bridge. Walk 150m with the canoe and put it back in the water by the jetty, next to the *Hembygdsgård*. Here you'll find toilets, kitchen and fresh water. At the *Hembygdsgård* is a café where you can buy lunch.
19. *Ennora*. Here you'll find a lean-on shelter and an outhouse.
